ARTS CENTRE

For Christmas 2009 the Craft Shop focus exhibition Domestic Bliss features the work of Dumfries and Galloway jeweller Joanna Repton and ceramic artists Clare and Simon Dawdry.

Joanna creates classic wearable jewellery. Working in silver and gold with freshwater pearls and gem stones she creates individual pieces that guarantee a unique gift.

Clare and Simon's business is called We Make Pots and they specialise in making useful pottery. If you are looking for something practical and stylish, or a gift for someone special, we are sure you will find something you like.

# Early Bird Christmas Shopping Day
